

LEVINA ZHANG

UX/Product Designer

Education

Savannah College of Art and Design (SCAD)
Atlanta, Georgia
Master of Arts
Graphic Design Visual Experience
2020

Guilin University of Technology
Guilin, China
Bachelor of Arts
Environmental Design
2014

Experience

Cantata Health
UX Designer
2020 - Present
I was responsible for multiple projects and platforms. Recreate the EHR platform, Redesign the websites and draw many of the illustration stuff.

Sedireco Tech of AI Inc.
UX Designer
2017
I led the redesign of the facial recognition and monitoring platforms through early ideation, wireframe and prototyping phases, and visual design spec handoff to development.

Coohom
UX Designer
2014-2017
I worked to improve the usability of the platform through extensive user testing, heuristic evaluation, analytical data review, and applied research. I worked closely with Product Managers and Software Engineers to design and implement various product features and enhancements.
